She suggested a per acre cost for each GSA in the subbasin, however, they are currently looking at a flat fee for each GSA. When that fee has been approved we will need to adjust the budget for that. They also had a very high quality of financial work. Both had good SGMA experience but RGS was better on the administrative side of it. Provost and Pritchard had more technical experience which would serve us better for our projects. RGS made a commitment to work within our budget. Ms. Murphy stated that both RGS and Provost and Pritchard's proposals were an annual estimate based on hourly rates and the hourly rates were comparable. Ms. Conrado stated that RGS's public communication was impressive. Discussion was held regarding how this may be different from dealing with an adjudicated basin. Mr. Vanderwaal asked how RGS came down in cost. Ms. Carter stated that it would be a time and materials contract. Ms. Conrado added that their estimate was based on being here once a month with Ms. Murphy adding that RGS was open to hiring someone local to be here.

3. The Authority releases and discharges County, and its officers, agents and employees from any and all claims, demands, liabilities, costs and expenses, damages, causes of action, and judgments, in any manner arising out of the collection by County of the fees on behalf of Authority.

## Colusa Groundwater Authority Board of Directors Meeting

July 26, 2022 | 1:00 p.m.

### AGENDA SUPPORT MATERIALS

**AGENDA ITEM 5:** Request for Qualifications for Groundwater Sustainability Agency Data Review, Fee Analysis and Rate Setting Services

**AGENDA ITEM 5a:** Approve Issuing Request for Qualifications for GSA Review, Fee Analysis and Rate Setting Services

**AGENDA ITEM 5b:** Authorize ad hoc Long-Term Funding Committee to bring a consultant recommendation to the board and to coordinate with the GGA as appropriate

#### **ACTION ITEM**

#### **BACKGROUND:**

As CGA moves from the planning phase to the implementation phase of its Groundwater Sustainability Plan (GSP), implementation funding will be an important consideration. Currently, CGA collects fees consistent with the Fee Study issued in March 2019, which covers proposed fee schedules for 2019-20 through 2023-24. The maximum proposed assessment is \$1.21 per acre.

After an extensive process, on June 5, 2019, CGA held a public hearing to consider adopting the CGA operations fee. Absent a majority protest, the CGA Board adopted Resolution 2019-02 certifying the results of the Proposition 218 process and setting the CGA operations fee at a maximum of \$1.21 per acre, and at \$1.21 per acre for 2019-20. Each year, CGA reviews and adopts an operations fee. In 2020-21 and in 2021-22, the fee was set at \$1.00 per acre and was again set at \$1.00 per acre for 2022-23.

Several presentations have been made to the CGA Board and TAC on potential funding mechanisms and considerations for funding GSP implementation and GSA operations. Draft budgets and a section on GSP financing and funding mechanisms are included in the Colusa Subbasin GSP, Chapter 7. Plan Implementation.

The Glenn Groundwater Authority (GGA) has expressed interest in collaborating in discussions regarding funding to potentially maintain a consistent approach across the Colusa Subbasin. There may also be efficiencies if a common rate consultant is selected to conduct the necessary work to develop a new rate structure.

Staff recommends that the Board consider issuing a Request for Qualifications for Groundwater Sustainability Agency Data Review, Fee Analysis, and Rate Setting Services pending counsel review. Additionally, staff recommends that the ad hoc Long Term Funding Committee be authorized to manage the RFQ process, including reviewing qualifications, conducting interviews if appropriate, and bringing a recommendation to the Board.

# REQUEST FOR QUALIFICATIONS

## FOR GROUNDWATER SUSTAINABILITY AGENCY DATA REVIEW, FEE ANALYSIS, AND RATE SETTING SERVICES

RFQ Issue Date: July 29, 2022

Statement of Qualifications Deadline: **September 2, 2022, 4:00 PM**

**Issued by:**

Colusa Groundwater Authority

**Contact Person:**

## 1. Introduction

The Colusa Groundwater Authority (CGA) is requesting qualification submittals from consultants with experience in data and fee analysis and rate setting for public agencies. The CGA is primarily interested in the consultant's experience in relation to setting fees pursuant to Propositions 26 and 218, specifically as they relate to the Sustainable Groundwater Management Act. Services provided may include all tasks necessary to evaluate, develop options, select, and implement a funding mechanism. This will include a review of the CGA's previous fee study, evaluation of fee alternatives, development of fee/rate schedules to fund the costs of Groundwater Sustainability Plan (GSP) implementation and ongoing administration of the CGA. Services may also include the development of outreach materials and presentations at various Board, Advisory, and community meetings.

If the CGA awards a contract for services as a result of this request for qualifications (RFQ), a Scope of Work will be negotiated, and a contract will be executed establishing the terms and compensation for the subject services. The CGA does not guarantee work to any qualified firm or consultant.

Submittals must be received by **September 2, 2022 at 4:00 PM** to be considered for this opportunity.

All Potential Respondents should note that it is their responsibility to:

- Read carefully all of the contents of this entire RFQ.
- Ask for clarification in writing before submission due dates.
- Address all requirements and follow all procedures of this RFQ.
- Immediately inform the RFQ Contact Person of any problems with this RFQ solicitation.
- Submit all responses by the required dates and times.

## 2. Background

In September 2014, the California legislature enacted the Sustainable Groundwater Management Act (SGMA) to require sustainable groundwater management statewide. SGMA applies to all high and medium priority groundwater basins as determined by the Department of Water Resources. Implementation of SGMA is achieved through the formation of Groundwater Sustainability Agencies (GSAs) and the preparation and implementation of Groundwater Sustainability Plans (GSPs).

The Colusa Subbasin is a high priority basin required to be managed under SGMA and is shared between Glenn and Colusa Counties. Two GSAs coordinated on developing a single GSP, which was submitted to the Department of Water Resources in January 2022. The first required Annual Report was submitted in April 2022.

The CGA governs the Colusa County portion of the subbasin through a Joint Powers Agreement which includes twelve participating agencies.

In 2018, the GGA retained a consultant to assist with a Proposition 218, Majority Protest Process. This effort produced a fee study in March 2019. The study covers proposed fee schedules for fiscal years 2019/2020 through 2023/2024. The maximum assessment proposed in the fee study is \$1.21 per acre. After an extensive process, on June 5, 2019, CGA held a public hearing to consider adopting the CGA operations fee. Absent a majority protest, the CGA Board adopted Resolution 2019-02 "Resolution Certifying the Results of a Proposition 218 Majority Protest Proceeding and Setting the Authority's Operations Fee".

The Resolution established a maximum fee of \$1.21 per acre and \$1.21 per acre for the 2019/2020 year. Each year, the CGA reconsiders and adopts the operations fee. In 2020/2021 the fee was set at \$1.00 per acre, which was maintained in 2021/2022. The fee remains at \$1.00 per acre for fiscal year 2022/2023.

It has been the intent of the CGA to re-evaluate the fee structure at the conclusion of the GSP planning process as the CGA shifts to the implementation of the GSP. The GSP was completed and submitted to the Department of Water Resources for review in January 2022.

### **3. Project Description and Scope of Services**

The CGA is seeking to conduct a new/updated rate study to identify funding mechanisms for implementation of the Colusa Subbasin GSP and ongoing administration of the CGA. The CGA expects this project will build on previous efforts and conduct all tasks necessary to evaluate, develop options, select, and implement a funding mechanism appropriate for the GSP implementation phase. Respondents are expected to be familiar with laws and regulations pertaining to the Sustainable Groundwater Management Act, Proposition 26, and Proposition 218.

Services provided may include, but are not limited to:

- Review of the Colusa Subbasin GSP and initial budget and implementation plan
- Review of meeting summaries related to discussions on funding mechanisms
- Evaluation of potential fee alternatives
- Recommendations on selecting an appropriate mechanism and process to implement a fee
- Development of a fee study or Engineers Report as appropriate
- Development of outreach materials
- Presentations to the CGA, advisory committees, or public
- Updating parcel information
- Complying with any ballot, hearing, protest, vote, or other requirement
- Preparing necessary files to place the fee on the County's tax roll
- Related tasks

The CGA anticipates developing draft implementation budgets by early summer 2023, and the project completed with submittal of data files to Colusa County in early August 2023.

### AGENDA SUPPORT MATERIALS

#### **AGENDA ITEM 6: Request for Proposals for Annual Audit Services for FY 2021-22**

#### AGENDA ITEM 6a: Approve Issuing Request for Proposals for Annual Audit Services for FY 2021-22

#### **ACTION ITEM**

#### **BACKGROUND:**

CGA has contracted with Robert W. Johnson, CPA, for the past three years to perform the annual audit and submit the State Controller's Report. With the close of the fiscal year as of June 30, 2022, the CGA board should now determine whether to issue a Request for Proposals for Audit Services for FY 2021-22 or consider a proposal from Robert W. Johnson to again provide these services. A draft RFP is provided for review and consideration.

Additionally, the June 2021 update to the CGA Joint Powers Agreement provides that audits be conducted either annually or biennially. The CGA Board should determine if it wishes to proceed with an annual audit as it has in the past, or if it wishes to have a biennial audit performed next year for the 2021-22 and 2022-23 fiscal years.

If the annual audit is preferred, the Board should either approve issuing a RFP for audit services for FY 2021-22, or direct staff to request a proposal from Robert W. Johnson for consideration at the August Board meeting.

## Colusa Groundwater Authority Groundwater Sustainability Agency

### REQUEST FOR PROPOSALS FOR ANNUAL AUDIT SERVICES FOR FISCAL YEAR 2021/2022

#### Deadline for Submission

3:00 p.m., August 19, 2022

**RE: REQUEST FOR PROPOSALS FOR ANNUAL AUDIT SERVICES FOR FISCAL YEAR 2021/2022**

#### **1. INTRODUCTION**

The Colusa Groundwater Authority (CGA) is soliciting proposals from consultants with experience in financial auditing services for public agencies.

The CGA is interested in soliciting proposals from qualified firms of certified public accountants (CPA) to audit the public entity's financial statements for the fiscal year ending June 30, 2022, with the option of extending the contract for three (3) fiscal years thereafter.

#### **2. BACKGROUND INFORMATION**

On September 14, 2014, Governor Brown signed into law three bills collectively referred to as the Sustainable Groundwater Management Act (SGMA). SGMA requires the formation of groundwater sustainability agencies (GSAs) in state-designated medium and high priority groundwater basins. As authorized by SGMA, the GSA-eligible entities have formed a Joint Powers Authority establishing the Colusa Groundwater Authority to serve as the GSA for the Colusa County portion of the Colusa Subbasin of the Sacramento Valley Groundwater Basin, a high priority subbasin. The member agencies formed the CGA with the intent to work together to implement the requirements of SGMA. The Colusa Groundwater Authority includes twelve member agencies including County of Colusa, City of Colusa, City of Williams, Glenn Colusa Irrigation District, Colusa County Water District, Princeton-Codora-Glenn Irrigation District, Maxwell Irrigation District, Reclamation District 108, Reclamation District 479, Colusa Drain Mutual Water Company, Westside Water District and Provident Irrigation District. More information on the CGA can be found at: <http://colusagroundwater.org>.

#### **3. FINANCIAL SUMMARY**

The CGA is a single agency with an approximate budget of \$1,000,000. Revenue is derived from a property-related fee that complies with Proposition 218. The fee is included on the Colusa County tax roll with a small number on the Yolo County tax roll. The counties collect the fee and disperse the funds collected to the CGA. The total number of accounts receivable invoices issued in a fiscal year ranges between approximately 15 and 20. The total number of accounts payable/claims issued in a fiscal year is approximately 35-50 transactions. Colusa County

is the Depository and Treasurer for the CGA and has custody of the CGA's money.

#### 4. SCOPE OF SERVICES

The audits are to be performed in accordance with generally accepted auditing standards and the provisions of Government Code 6505. The auditor will evaluate the adequacy of the internal control system and, where weaknesses are noted, make appropriate recommendations for improvements. A management letter will be submitted by the auditing firm if material weaknesses are noted or if otherwise deemed appropriate.

The auditor will be required to make an immediate written report of all irregularities and illegal acts, of which they become aware, to the Board Chairperson and Program Manager.

The audit will cover the basic financial statements and supporting documentation and schedules. The auditing firm shall provide eleven bound copies in addition to one unbound copy of the auditor's report, financial statements, supporting schedules, and management letters. The partner in charge of the audit shall be available to attend one meeting at which the audit report will be discussed.

The auditing firm shall submit a draft of the financial statements no later than December 1<sup>st</sup>. In this regard, the CGA shall provide all financial records not later than October 10<sup>th</sup> of each year.

The firm shall make available its working papers and respond to all reasonable inquiries of successor auditors and others to review working papers of the CGA, upon the CGA's written consent. The auditing firm will retain all working papers, at the firm's expense, for a minimum of seven years, or longer, if required by generally accepted auditing standards.

#### 5. OTHER INFORMATION

All questions or requests for clarification regarding this RFP shall be submitted via email to Carol Thomas-Keefer at CThomasKeefer@rgs.ca.gov. Inquiries must be submitted in writing. Responses will be made at the discretion of the CGA and will be issued in the form of an addendum to the RFP which will be posted to the CGA website. It is the responsibility of the respondent to access the addendum if one is issued.

#### 6. QUALIFICATIONS

1. Firm's Background and Experience
  - a. The firm shall be an independent Contractor and must be licensed to practice by the State of California as a CPA. A statement stating such shall be included.

SGMA On-Call Support Services  
Contract Amount: \$10,000  
Expended: \$0  
Remaining: \$10,000

## 7b. GSP Implementation

Work is currently focused on completed any remaining grant tasks. The consultant team has submitted the Colusa Subbasin Well Monitoring Pilot Program Technical Memorandum and the Colusa Subbasin Supplemental Bench Marks Project Report. The hydrogeologic investigation work plan is nearing completion and will likely be available by August 2022. The Technical Advisory Committee (TAC) received a presentation providing updates on these three topics. The presentation is available for review on the CGA website with the TAC meeting materials. The consultant team has also completed the Data Management System (DMS) Conceptual Plan Report providing guidance and considerations on migrating to a final DMS in the future.

The Department of Water Resources is conducting state-wide Airborne Electromagnetic (AEM) Surveys. The surveys in this area began April 26 and concluded in May. More information can be found on the DWR website at: <https://water.ca.gov/Programs/Groundwater-Management/Data-and-Tools/AEM>. As materials become available, they will also be posted to the website. At the June 14 meeting it was noted the flight lines interactive map had been updated to include the areas within the Colusa Subbasin and an image of the flight lines were included in the meeting packet. Recent communications with DWR indicate they expect the data from these surveys to be publicly available by May 2023.

## 7c. Discussion on SGM Grant

DWR is administering the Sustainable Groundwater Management (SGM) Grant Program Sustainable Groundwater Management Act (SGMA) Implementation funding solicitation using funds authorized by the California Budget Act of 2021 (Stats. 2021, ch. 240, § 80) and the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Act of 2018 (Proposition 68). The anticipated program schedule and key dates are summarized below:

<b>Program Schedule and Key Dates</b>	
<b><i>Milestone or Activity</i></b>	<b><i>Tentative Schedule</i></b>
SGMA Implementation Round 1 Execute Agreements	June/July 2022
SGMA Implementation Round 2 Grant Solicitation Opens	October 2022
Draft Award List Posted for Public Review	June/July 2023
Final Award List Posted	August 2023

<b>Program Schedule and Key Dates</b>	
<b><i>Milestone or Activity</i></b>	<b><i>Tentative Schedule</i></b>
Execute Agreements	September-November 2023

\*Dates are tentative and subject to change.

More information about the grant program can be found on DWR’s website at:

<https://water.ca.gov/work-withus/grants-and-loans/sustainable-groundwater>.

As this opportunity draws nearer, it is critical to coordinate with the GGA on a single application for the Colusa Subbasin. The CGA TAC met jointly with the GGA TAC on July 8, 2022 and held initial discussions on the grant application. The Joint TAC expects to review and recommend to the GSAs a prioritized list of GSP Implementation Studies and/or Projects and Management Actions (PMAs) to include in the grant application in the August/September 2022 timeframe. The current CGA budget includes \$20,000 for professional services, specifically for grant writing services.

**7 d. Water Year 2022 Annual Report**

The Water Year (WY) 2022 Annual Report will be due to DWR April 1, 2023. The water year ends September 30, 2022, after which preparation of the report can begin. Staff recommends CGA hold discussion and provide initial direction on the process for completing the WY 2022 Annual Report. Examples of some considerations are listed below:

- Coordination with the GGA (lead- staff, Executive Committee, TAC, and/or another committee)
- Issue Request for Proposals/Qualifications to hire a technical consultant, if desired (recommended)
- Timeline/Schedule
- Budget for report preparation (The GSP assumes \$23,000 each for the CGA and GGA for GSP updates in 2023 and estimated annual reports will cost between \$40,000 and \$60,000 annually.)

**REFERENCE REPORTS AVAILABLE ON CGA WEBSITE:**

- Colusa Subbasin Supplemental Bench Marks Project Report (June, 2022)

#### **AGENDA ITEM 9: UPDATE ON GOVERNOR'S EXECUTIVE ORDER NO. N-7-22**

As part of the Executive Order, the CGA is continuing to provide Colusa County Environmental Health with notice of availability of updated subsidence data (InSAR). Latest readings are from April 2022, done quarterly, along with Groundwater levels when they updated, last readings from March 2022.

Environmental Health has had some inquiries regarding new wells, and have rejected one applicant, who was advised to provide a determination that the proposed well is (1) not likely to interfere with the production and functioning of existing nearby wells, and (2) not likely to cause subsidence that would adversely impact or damage nearby infrastructure. They did not provide information. Most inquiries have not actually applied for a well permit when they have been advised of the concerns and conditions if they wish to pursue permitting.
